“

We, Gardenhouse 24, as a well-established nationwide business, began to use Reach to conduct all our marketing needs and help drive our sales to a higher degree.

I can say this is happening above our expectations and we are very excited going forward with Reach.

Our leads have improved, as well as our sales and the overall interest in our products.

We approved the trial run of the IYA campaign and we are astonished at the results in more traffic and quality leads.

We have documented sales from this campaign and I must say we are very happy.

With a £1,000 investment in this campaign, we have a return of £57K in one month of this running.”
